

Welcome to...

# Magnetic & Seductive:

How Sacred Sexuality can supercharge your magnetism,  
awaken your sexual bliss and unlock your manifesting powers

# I'm Layla Martin, I've...

- Studied sacred sexuality and Tantra for 22 years
- Taught over 20,000 paying clients
- Had 150 million+ views on my YouTube channel
- Created a business, life and partnership I'm deeply proud of

**And I've done all this  
in a magnetic, playful  
and feminine way.**

# In this masterclass, you're going to learn...

- How to become radiantly attractive to your deepest desires
- How to experience lasting sexual bliss
- And how to use your inner knowing and sexual energy to manifest

**The key to doing these things  
successfully doesn't come from the  
advice the rest of the world will give  
you (that doesn't work!)...**

**It's actually a powerful approach  
previously used by Temple Priestesses  
that has been hidden in modern society.**

**What does it  
mean to be  
magnetic?**

**When you're magnetic in a high vibration way, you constantly attract:**

- Amazing romantic opportunities
- Beautiful friendships
- Career opportunities

**When you're magnetic in a low vibration way, you become a magnet for all the things you don't want.**

**What doesn't work about  
advice like “think positively”  
or “recite affirmations” is...**

**It only accesses your mind,  
not your energy.**

A woman with her eyes closed and head tilted back, basking in sunlight against a background of green foliage. She is wearing a dark halter top and a beaded necklace. The text 'Magnetism on an Energetic Level' is overlaid on the right side of the image.

# Magnetism on an Energetic Level

**As energy moves through your root chakra, it increases your magnetism to health, grounding, safety and healthy things for your body.**

**As energy moves  
through your sacral  
chakra, it makes you  
magnetic to adventure,  
sex, creativity,  
playfulness and  
romantic partners.**

**As energy moves through your naval and solar plexus, you become magnetic to career opportunities, wealth and social activities.**

**The energy in your  
root chakra is your  
base energy, or your  
foundational energy,  
supporting this entire  
structure.**

**For energy to flow  
from the root upwards,  
it has to feel safe.**

**Health and sex issues like feeling numb, disconnected, anorgasmic, in your head or experiencing pain stem from not feeling safe.**

# Why would you feel unsafe?

- Sexual, physical or emotional trauma
- Sexual and physical violence in the world
- Repression and religious conditioning

**Conditioning: imprints in the nervous system from the past that act as controls in your body**

**This is why affirmations and mood boards  
might raise your energy for a moment...**

**But unless you've cleared out the chakras  
and created an experience of safety, you'll  
quickly shut back down.**

**Samskara:**

**the Sanskrit word for a  
conditioned imprint in your  
nervous system**

**Vasana:**

**the Sanskrit word for challenging  
emotions and thoughts**

**The Tantrics found that these practices removed imprints from trauma and conditioning so you could feel safe to magnetize your desires:**

- Breathwork
- Energy practices
- Healing rituals

**What does  
this have  
to do with  
sexual  
bliss?**

**A body with free-flowing energy through all chakras can have a full body, deep and lasting orgasm...**

**Versus a body with shut down energy, which can barely feel or orgasm or experience desire.**

**When we begin to heal the energy  
flow, we begin to feel safe.**

**When we begin to feel safe, we can use  
healing rituals and practices to move  
through underlying trauma and  
conditioning...**

**Clearing the way for energy to flow.**

**This is why doing sexual practices unlocks powerful, deeply pleasurable orgasms and your energy flow and magnetism.**

# Let's Talk About Manifestation

**Most people talk about the mental part of manifesting: having a clear goal and visualizing...**

**But if you don't have energy moving through your body, you will still lack the ability to magnetize your desires.**

**The most important  
part of manifesting:**

**Your unconscious  
mind aka your body  
and energy system**

**The Celtic Druids and High Priestesses of  
the Middle East, Egypt and Europe  
created one of the most exquisite  
manifestation practices of all time:**

**Sex Magic**

**It combines a clear vision, a 5-senses reality and erotic energy to open the flow of magnetism and energy through your system, allowing you to clear, integrate and heal trauma...**

**Reimprinting your conditioning.**

**This is just  
one way  
sacred  
sexuality  
practices are  
so powerful.**

**If you want to...**

**Unlock your energy and clear  
your chakras, practice full-body  
energy orgasm, Sex Magic and  
Tantric lovemaking**

**If you want to...**

**Heal and integrate conditioning  
and past trauma, engage in rage  
rituals, grief practices and  
emotional embodiment**

**If you want to...**

**Feel safe again, you connect with  
people who actively support you and  
make it safe to be sexual and powerful**

**(This is why community is essential)**

**Tantra and sacred sexuality aren't just about having mind-blowing orgasms...**

**They're a roadmap back to a life filled with energy, power, expression, safety, pleasure and magnetism...**

**The life you were born to have.**

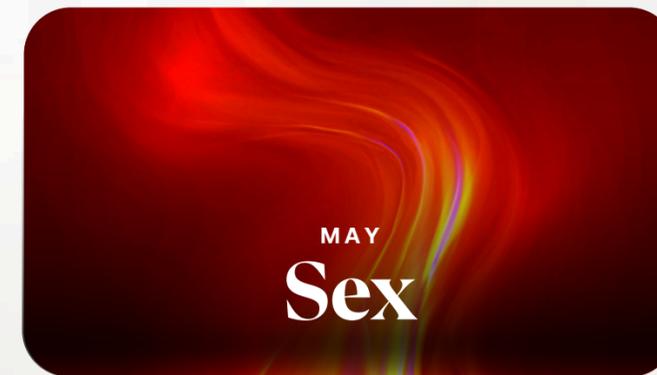

**Inside VITA Sacred  
Sexuality, you'll learn  
all of this step-by-step  
in an exquisitely held  
and exceptionally safe  
one-year container.**

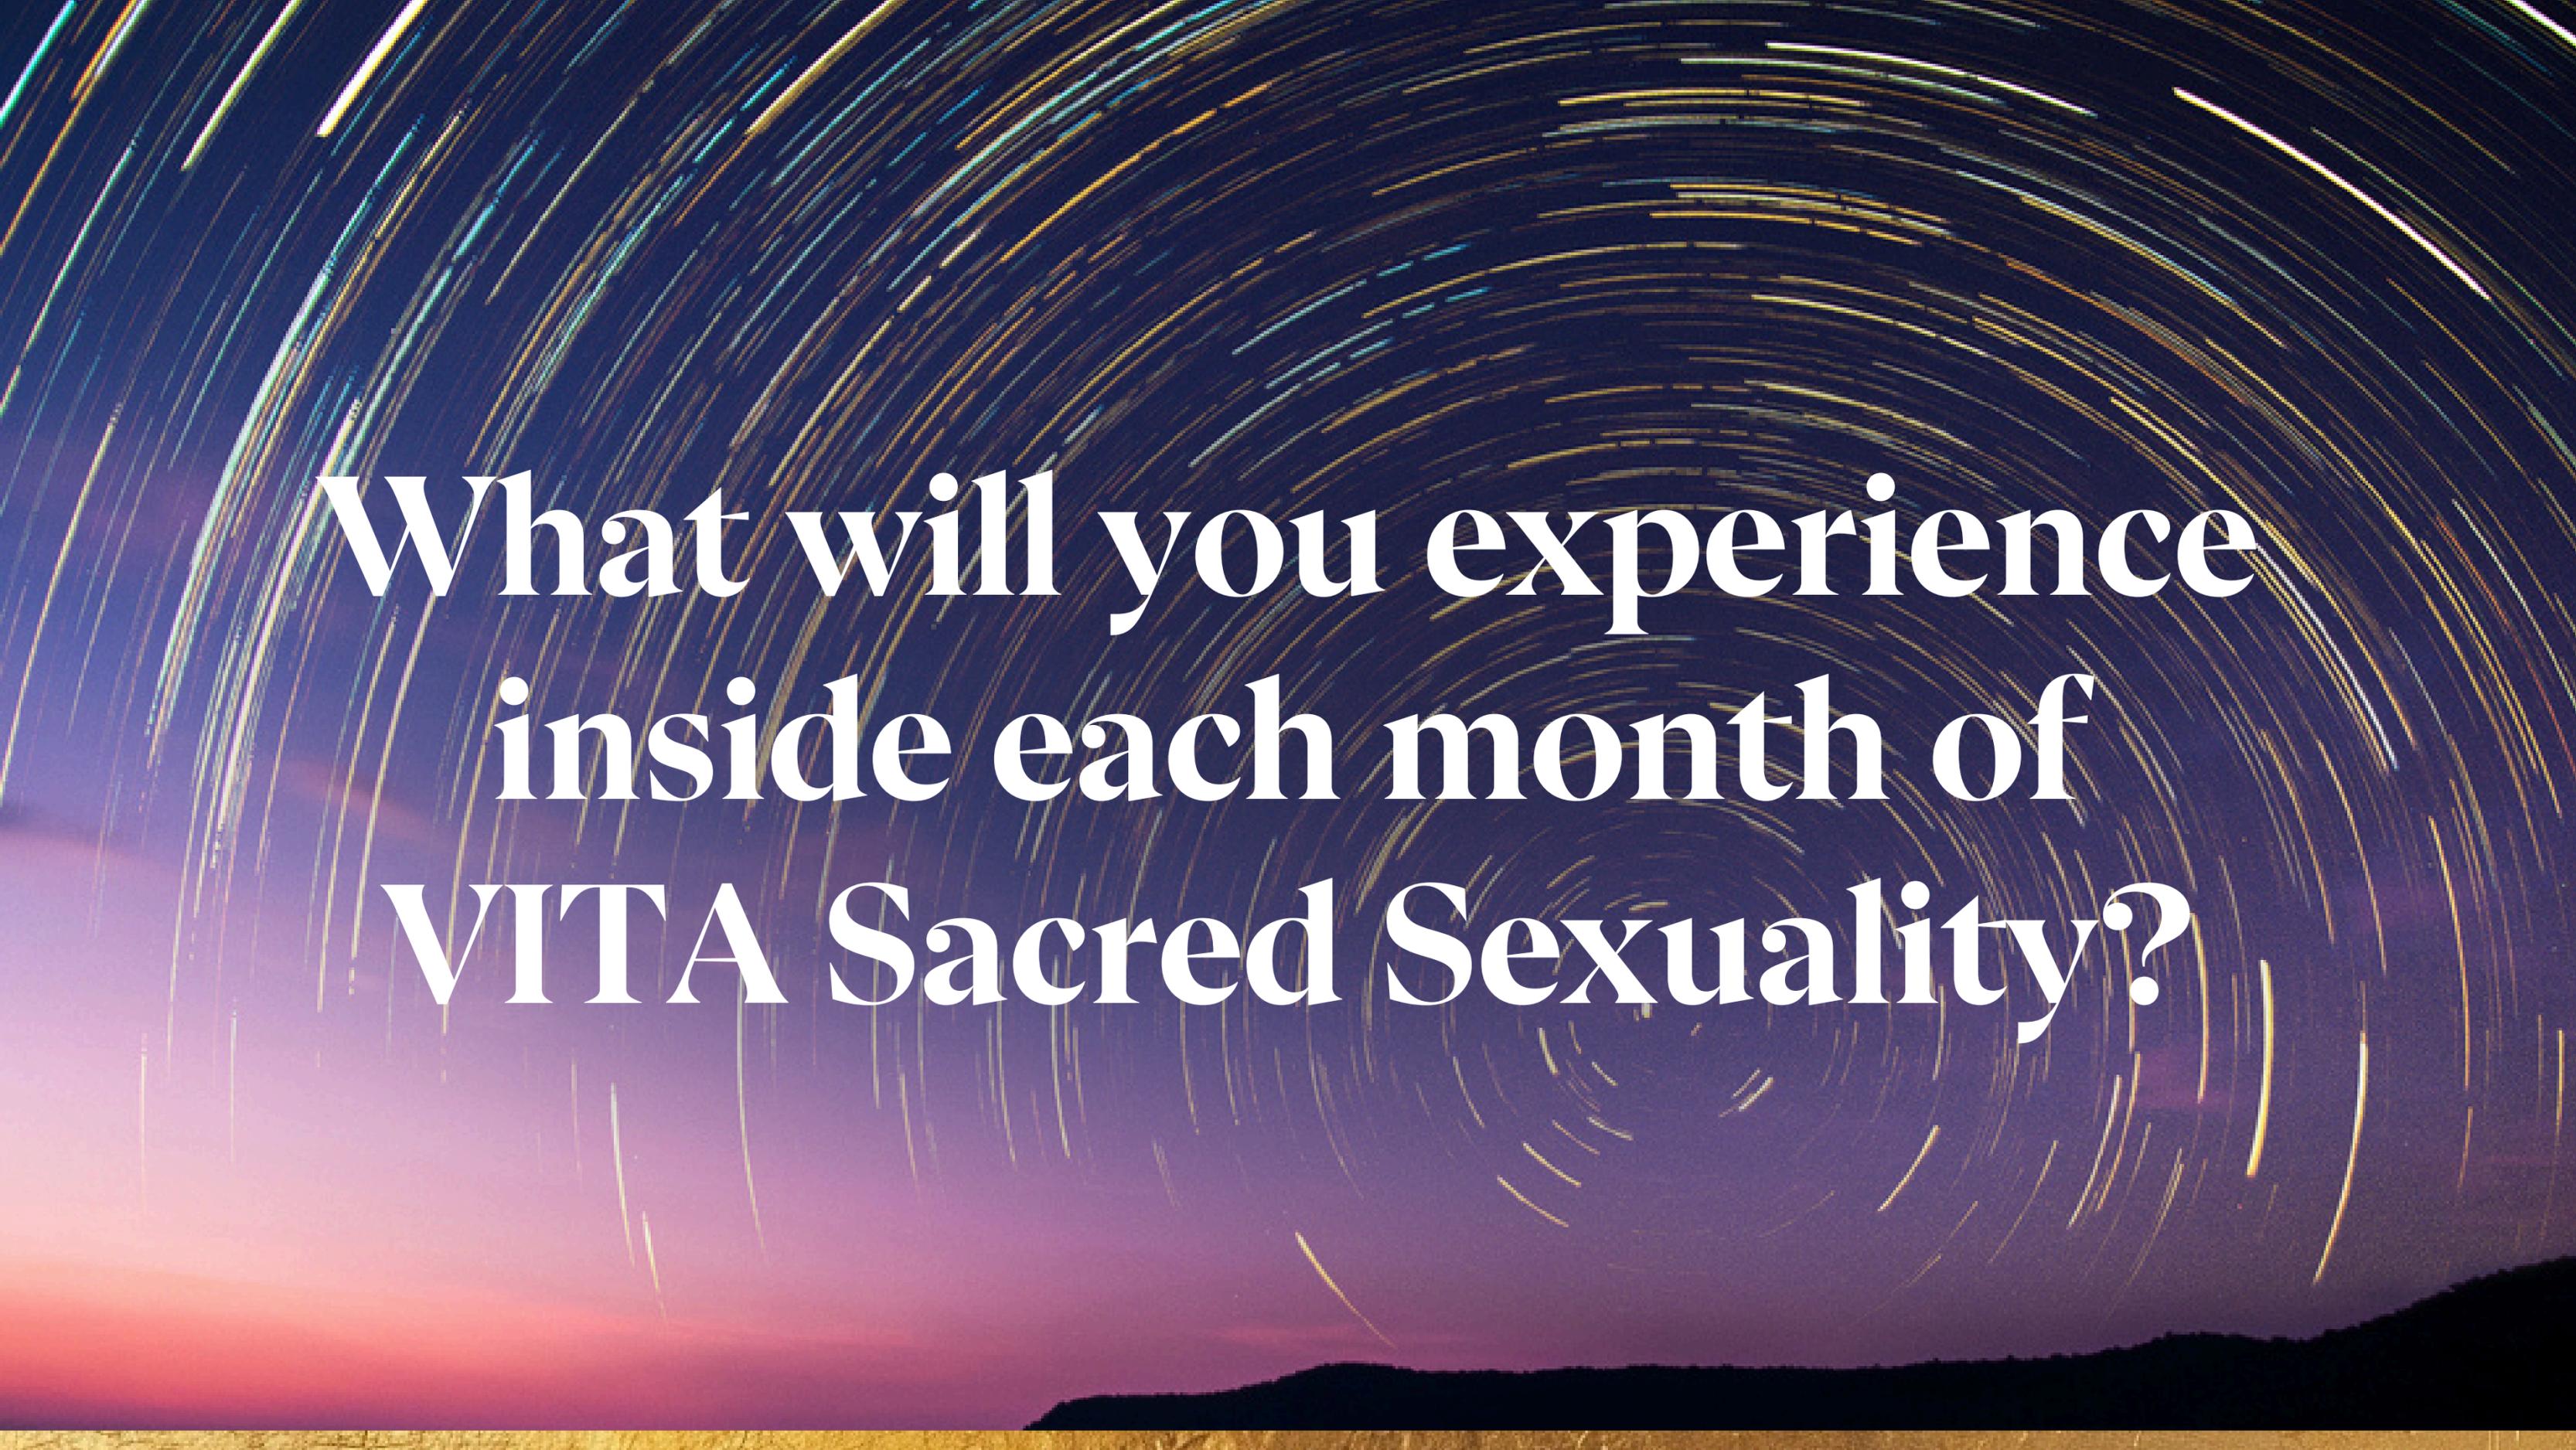

**Rewriting your  
nervous system  
and upgrading  
your energy is a  
slow process...**
