4 Simple Sensory Steps to Unlock Safety and Pleasure

The real magic starts with a body that feels safe, steady and turned on ✨

Follow these 4 simple sensory steps to help regulate your nervous system:

- 🌺 Take a few deep, grounding breaths, inhaling through your nose and exhaling through your mouth.
- 🌺 Drop out of your head and into your body by consciously naming any physical sensations that are present.
- 🌺 Dim the lights, soften the mood and bring your focus to what feels good – a soft blanket, a cozy ambiance or a scented oil on your skin.
- 🌺 Add MOOD SEX MAGIC™ Elixir into the mix to awaken your body, boost sensitivity and help you land in the present moment.
